

D6.5 Project Leaflet

Community Of Multidisciplinary Professionals Advancing Safe and Successful AI
implementation in clinical practice

Project Acronym	COMPASS-AI
Work Package	WP6
Task	T6.3 Implementation of Communication and dissemination activities
Deliverable	D6.5 Project Leaflet
Dissemination Level	PU
Author	Margherita Bruni (EIBIR), Peter Gordebeke (EIBIR)
Contributors	Regina Beets-Tan (UM), Laurens Topff (NKI), Laura Arbelaez (UB), Karim Lekadir (UB), Sara Zullino (EATRIS), Claudia Sestito (EATRIS)

Co-funded by
the European Union

Compass AI is co-funded under the EU4Health Programme 2021–2027 under grant agreement no. 101233553. Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or HaDEA. Neither the European Union nor the granting authority can be held responsible for them.

History of Changes

Version	Date	Changes
1	30.03.2026	First version
2	10.08.2026	On front page: - The sentence „A flagship of the EU’s Apply AI Strategy” is replaced with „Community Of Multidisciplinary Professionals Advancing Safe and Successful AI Implementation in Clinical Practice” - The sentence „Map AI deployments and showcase them in an interactive digital tool” is replaced with „AI deployment, generation of evidence, and showcase in an interactive digital tool” On back page: - Added sentence „A flagship of the EU’s Apply AI Strategy”

Project Leaflet

Front page

The graphic features a dark blue header with the European Union flag logo, the text 'Co-funded by the European Union', and the 'Compass AI' logo. Below this, the title 'Advancing AI Adoption in European Healthcare' is written in large white font, followed by the subtitle 'Community Of Multidisciplinary Professionals Advancing Safe and Successful AI Implementation in Clinical Practice' in yellow. A central yellow box contains a vertical timeline of six steps, each preceded by a diamond-shaped icon. The steps are: 1. Establish a multidisciplinary Community of Experts in AI adoption (yellow icon), 2. Develop best AI deployment practices based on the FUTURE-AI framework (yellow icon), 3. Validate best practices in real-world pilots: radiology, pathology, surgery, general practice (white icon), 4. AI deployment, generation of evidence, and showcase in an interactive digital tool (blue icon), 5. Increase AI literacy through an education and dissemination programme (blue icon), and 6. Accelerate AI adoption in healthcare as part of the EU's Apply AI Strategy (blue icon). At the bottom of the yellow box, a small disclaimer states: 'Compass AI is co-funded under the EU4Health Programme 2021–2027 under grant agreement no. 101233553. Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or HaDEA. Neither the European Union nor the granting authority can be held responsible for them.'

Compass AI

A flagship of EU's Apply AI Strategy

Compass AI advances safe and effective AI adoption in healthcare by bringing together multidisciplinary experts across Europe to define and validate best practices for AI deployment in diverse clinical settings, guiding hospitals and policymakers toward equitable, sustainable health innovation.

FACTS AND FIGURES

Partners: Maastricht University Medical Center, Netherlands; European Institute for Biomedical Imaging Research, Austria; Netherlands Cancer Institute, Netherlands; Hospital Universitario y Politécnico de La Fe, Spain; UMC Utrecht, Netherlands; University Hospital Magdeburg, Germany; University of Barcelona, Spain; European Infrastructure for Translational Medicine, Netherlands; Institute of Molecular Pathology and Immunology of the University of Porto, Portugal; Policlinico Universitario Fondazione Agostino Gemelli, Italy; Quibim SL, Spain; Barcelona Supercomputing Center, Spain.

Project runtime:
October 2025 - September 2029

Total Project Budget:
5 057 004.04 €
